Thermal Label Printers

Book Systems offers you a choice of a Desktop or Industrial / High End Thermal Label printer that can be used with either Atrium or Booktracks systems to print high-quality polyester barcodes or spine labels (single or multiples).

Desktop Thermal Label Printer

The desktop label printer offers high quality printing while maximizing space and efficiency. Because of its durable, dual-wall construction, this printer will withstand rough handling in your library's busy environment.

The 40-ZTLP1 enables crisp and clear high-quality printing of fine text, two-dimensional bar codes, and even complex graphics. Producing data on small labels is also greatly enhanced by the 300 dpi print resolution.

This printer integrates with Atrium or Booktracks and is perfectly designed for general everyday use; low-medium volume printing. It is equipped with an USB interface, providing the user with flexibility in connectivity and integration.

Industrial / High End Thermal Label Printer

When demands for high-volume printing are required, this high-end label printer stands out in its performance. The 40-ZZMP3 Industrial / High End Thermal label printer has USB network connectivity, and features rugged reliability, 10" per second speed, and 600 dpi print resolution.

Designed specifically for easy integration with Booktracks, you can produce high-quality, durable, barcode labels quickly and economically for your entire textbook inventory.

Thermal Label Printers

Thermal Label Printer

Product #40-ZTLP1 (USB connection)

- Prints Barcode and Spine Labels
- Label Stock #70-Z1C3BLK or #70-Z1C3SLK (required)

Industrial / High-End Thermal Label Printer

Product #40-ZZMP3 (USB connection)

- Prints Barcodes
- Label Stock #70-Z3C3BLK (required)

MAXIMUM PRINT AREA

Width: 4.09"/104 mm
Length in page mode: 11"/279 mm (with standard memory)

RESOLUTION

300 dpi/12 dots per mm

MEMORY

Standard: 1 MB Flash; 512 KB SRAM

PHYSICAL CHARACTERISTICS

Width: 7.8"/198 mm
Depth: 9.4"/238 mm
Height: 6.8"/173 mm
Weight: 3.7 lbs./1.7 kg (Weight of printer only; no media or options)

LABEL STOCK

1" Core Blank Barcode Label Kit

Product #70-Z1C3BLK

3-Mil Polyester
Size: 2" W x 5/8" H
Contains 1 roll; 2,800 per roll and Ribbon

1" Core Blank Spine Label Kit

Product #70-Z1C3SLK

3-Mil Polyester
Size: 0.9625" W x 1.625" H
Contains 1 roll; 1,800 per roll and Ribbon

MAXIMUM PRINT AREA

Width: 4.09"/104 mm
Length: with 203 dpi: 157"/3,988 mm;
with 300 dpi 73"/1,854 mm; with 600 dpi 39"/991 mm

RESOLUTION

600 dpi/24 dots per mm

MEMORY

Standard: 8 MB Flash, 16 MB DRAM

PHYSICAL CHARACTERISTICS

Width: 10.9"/278 mm
Depth: 18.7"/475 mm
Height: 13.3"/338 mm
Weight: 32.4 lbs/15 kg

LABEL STOCK

3" Core Blank Barcode Label Kit

Product #70-Z3C3BLK

3-Mil Polyester
Size: 2" W x 5/8" H
Contains 1 roll; 6,000 per roll and Ribbon
